AdNeo Completes \$5.5 Million Equity Placement to Support Growth

AdNeo Limited (ASX: AD1) (**'AdNeo'** or the **'Company'**), is pleased to announce it has received firm and irrevocable commitments for the equity raising of \$5.5m (**Placement**) in new capital.

The capital raise has been executed in conjunction with two major announcements, communicated to shareholders via the ASX on the 12th of May 2025:

- The transformational acquisition of Learnt Global (**Learnt**) via a 100% scrip-based transaction at \$0.07 (7 cents) per share, representing a 50% premium to the 30 days VWAP. The acquisition will add scale, recurring revenue, and a highly strategic footprint across the \$23bn Australian vocational education sector.
- The conversion of \$1.5m in company debt to equity at the price of \$0.07 (7 cents) per share from Pure Asset Management (Pure Investment), reducing the company gross debt by 57%.

The issue price for the \$5.5m Placement is \$0.045 (4.5 cents) per share, which represents a modest discount of 3.3% to the prior 30 days VWAP, demonstrating strong commitment from investors for the Company's strategy and growth opportunity. Participants in the Placement will be issued one free attaching unlisted option for every three (3) Shares with an exercise price of \$0.07 (7 cents) per option and expiry of two years from the issue date. Some additional shares and options will also be issued to institutional investors and brokers in connection with ongoing corporate advisory services.

The capital raise has received substantial support from multiple institutional and sophisticated investors, including:

- Salter Brothers (institution) for \$1.5m (Cornerstone investor); and
- AdNeo Board and Learnt shareholders \$2m.

Managing Director, Mr. Angus Washington, commented on the Placement: *"I would like to thank new and existing shareholders who participated through the Placement, and look forward to working with AdNeo's group of businesses and employees to deliver profitable growth and innovation for our customers and shareholders. We have now established the lead offering in market to support the workforce transformation in the AI-era. Our AI offering, SaaS platforms, and extensive library of training content are a huge advantage for our expansion strategy."*

Non-Executive Chairman, Mr. Nicholas Smedley, commented *"this transaction is truly transformative for AdNeo. More than doubling our group revenue and halving our secured debt while at the same time delivering an exciting new business division giving exposure to the \$23bn Australian vocational education sector. This is a very exciting time for the Company and I look forward to supporting Mr. Washington to deliver on our group strategy."*
